Portfolio: ahmedsalman.site

Frontend & WordPress Developer with 3+ years of experience in building SEO-optimized websites that provide smooth user experiences. Good at mixing design, functionality, and performance to create scalable solutions that boost engagement and business growth. Experienced in turning complex requirements into clean, high-performance digital products across various industries.

WORK EXPERIENCE

Website Developer
at Webiz Digital

Based in USA San Diego, CA
April 2024 - Today

Remote Work

As a Frontend and WordPress Developer, I specialize in building brand websites and eCommerce platforms that are visually engaging, secure, and performance-driven.

- I focus on crafting fast, optimized, and user-friendly solutions tailored to client needs, ensuring both functionality and scalability.
- Redesigned and developed the company's website from a WordPress layout to a professional one, enhancing sales by 40%.

Website Developer & Social Media Marketer
at Pinnacle Designs

Based in Lewisville, USA
March 2021 - 2023

Designed, developed, and maintained responsive websites using WordPress, HTML, CSS, JavaScript, and modern frameworks.

- Collaborated with clients and teams to align digital marketing with overall brand goals.
- Customized WordPress themes and plugins to match business requirements and enhance functionality. Optimized websites for speed, SEO, and mobile responsiveness, improving overall user experience.
